FPC Notice of Scrip Distribution Option

Unitholders are advised of an offer of units to unitholders holding linked units registered in the records of the Company on the electronic platform of Central Securities Depository of Botswana ("CSDB") at the close of business on 18 August 2017 ("the Record Date") at a price of P2.45per linked unit ("Scrip Distribution Option") in lieu of the cash distribution of 13.69 thebe per linked unit in respect of the Company's trading to 30 June 2017.

The Board of Directors has offered unitholders the chance to receive the whole or part of the distribution in respect of linked units for the period ending 30 June 2017 in new linked units instead of in cash. The Board has declared a distribution of 13.69 thebe (comprising a dividend of 0.14 thebe on each issued share and interest of 13.55 thebe on each issued debenture comprising a linked unit) per linked unit for the twelve months of trading ending 30 June 2017 (the Distribution) and approved the issue of up to 19,532,827 new linked units, to be funded out of distributable profits, to unitholders, who hold linked units in the Company as at 18 August 2017, who elect to receive same instead of cash.

The Company will deduct and pay withholding tax of 7.5% on the dividend on shares comprising linked units and 10% on the interest payable on each debenture held by a taxable holder of a linked unit resident for tax purposes in Botswana, and 15% (or such lesser percentage as may be provided in a Double Taxation Agreement (if there be one) between Botswana and the country of tax residence of the nonresident tax payer)

on each debenture held by a taxable holder of a linked unit not resident for tax purposes in Botswana but shall not deduct and pay any withholding tax on interest payable on debentures held by an entity which is exempt from income tax in Botswana. The resulting distribution, after deduction of withholding tax as set out above, is hereinafter referred to as "the Net Distribution".

Unitholders registered as such on the Record Date are offered such number of linked units, at a value of P2.45 per linked unit, equal to the cash value of the Net Distribution payable to such holders. The value of a linked unit is based on the weighted average traded price of the linked units, on the Botswana Stock Exchange, over the three weeks preceding 30 June 2017. The Scrip Distribution Units, when issued, will rank pari passu in all respects with the existing linked units of the Company.

In opting for the issue of linked units in lieu of a cash distribution, unitholders will inject further capital into the Company without incurring the usual substantial dealing costs associated with a new rights issue, and the Company states that they will be able to utilize the amount of the unitholder's funds retained in the Company to support continued growth of the current and future projects and refurbish properties, and reduce exposure to loan finance. Holders of 98.94% of the issued linked units in the Company have committed to elect to receive the Scrip Distribution. A circular explaining the Scrip Distribution Option and the Form of Election will be sent to unitholders on or about 7 August 2017.

Unitholders who wish to receive the cash distribution need take no further action. Opening of the offer and the last day to make the election:

The offer of the scrip option opens at the commencement of business on 14 August 2017 and closes at close of business on 19 September 2017.

A holder of linked units is required to notify the Transfer Agent if he/she wishes to receive their distribution in the form of new linked units, within the period in which the offer is open. In the event of failure to elect the Scrip Distribution Option, within the open period,

a holder of linked units shall be deemed by the Company to have declined the offer of the

Scrip Distribution Option and, accordingly, such unitholder will automatically receive the cash distribution. Elections for scrip distribution received after the close of business on 19 September 2017, sent by post or otherwise, will not be accepted.

When the new linked units are issued, the Company will instruct the CSDB or broker to credit the unitholders securities account in the CSDB. Application has been made to Botswana Stock Exchange to grant a listing of the Scrip Distribution units arising from the Scrip Distribution issue with effect from the commencement of business on 29 September 2017.
