Stanchart Capital Raise Announcement

Standard Chartered Bank Botswana Limited ("SCBB") has announced it seeks to raise capital by way of an issuance of Undated Unsecured Non-Cumulative Subordinated Capital Securities in the sum of BWP 400 million ("the Capital Securities") to Standard Chartered Bank ("SCB"), a company incorporated in England by Royal Charter (with reference cumber ZC18), which company, as the last practicable date (being 31 January 2018) held 0.831% of the issued ordinary shares of SCBB and is a holding company of Standard Chartered Holdings (Africa) BV which as at the last practicable date (being 31 January 2018) held 74.156% of the issued ordinary shares of SCBB, and therefore a related party. The terms of the Capital Securities will be documented by way of an agreement between SCB and SCBB. As at 31 January 2018, SCBB has (i) BWP 247.26 million of Tier 2 Capital in issue in the form of subordinated notes issued under the Company's P500million Debt Issuance Programme and (ii) subordinated debt in the total sum of BWP 389 million owing to SCB. In order to continue to meet the minimum capital requirements of Bank of Botswana, and to create a cushion against unexpected impairments caused by a difficult business environment SCBB intends to issue the Capital Securities in the total amount of BWP 400 million, which will comprise Additional Tier 1 Capital for the Bank, to SCB and utilise part of that capital to retire the BWP 247.26 million of Tier 2 Capital by exercise of SCBB's right of redemption. The pricing shall be the distribution rate which shall be the bench mark rate plus the spread. The distribution rate means the rate in percentage per annum, notified by the Issuer to the Security Holder, equal to the yield on the Government of Botswana bonds, having a maturity of five years as set forth in the Bank of Botswana PULF Reuters page that is published daily by the Bank of Botswana at 1500hrs. The spread shall be 3.75% per annum. The transaction does not involve any assets. It is a capital injection which results in the creation of an asset in the form of cash and a liability of the same amount with a zero net impact. The effect on the net asset per share is nil. The transaction will benefit SCBB by ensuring an adequate capital position for the bank and provide it with the ability to support asset growth in line with its strategic agenda.

Coreshares Intention to Delist

Holders of CoreShares Equal Weight Top 40 (CS40) ETF securities on the BSE are advised that the Manager has taken the decision to delist the CS40 ETF from the BSE, cancel all units on the Botswana register and to distribute all capital and income to holders of CS40 ETF securities to holders on that exchange, in terms of section 55 of the Main Deed. Background: The Manager initially took over the ETF from its previous scheme (the Betta Beta Collective Investment Scheme managed by Nedbank) in 2016 however, since then the ETF has suffered withdrawals from its anchor investor on the BSE. The current market capitalisation on the BSE does not justify an ongoing listing on the exchange and the manager does not foresee the business case changing in the short term. Holders of CS40 securities will not be prejudiced in any way as they will be paid all capital and accrued income (effectively, the Net Asset Value of each CS40 security) for the units they owned on record date which is also the cancellation date, should they not trade out of their positions or move their listing to the JSE in advance. The amounts of capital and income in question will be announced on the Finalisation Date as per the table below, based on the values as at close of business on the Record Date. The process may trigger a Capital Gains Tax event. Investors are required to contact their personal tax adviser for further assistance in this regard. Should holders wish to retain their units they may transfer their units to the primary listing on the JSE Securities Exchange. To do this, they should contact their local BSE stock broker and CSDB. A withdrawal form (http://www.bse.co.bw/docs/CSD_Withdrawal_form.pdf) would have to be completed and submitted. The process can take between one and three business days to complete, once all other requirements have been fulfilled. Clients should also note that there are distributions due to unitholders. A unit transfer done before the record date of the distribution will not be entitled to that distribution. Please note that these transfers should be completed before the record date of the cancellation. Clients will also be afforded the opportunity to sell their units before the last day to trade (as per the table below) in the general market or to the market maker. Clients trading with the market maker will incur additional charges to the default option to compensate the market maker for capital-, market risk-, foreign exchange- and stock broking charges. The timetable for the delisting and cancellation would work as follows:

Announcement	27 July 2018					
Last Day to Trade	21 August 2018					
Delisting date from the BSE	22 August 2018					
Record Date	24 August 2018					
Cancellation of units	24 August 2018					
Finalisation Announcement	27 August 2018					
Payment Date	30 August 2018					

Clients in any doubt of the appropriate action to be taken should consult appropriate independent advisors. For any additional information, contact your local BSE broker or the sponsoring broker.
