

## **BANK OF BOTSWANA**

### **New Family of Coin**

This is to inform the public that, further to the on-going announcement by the Bank of Botswana advising that the country's new family of coin will go into circulation imminently, there has been an inadvertent, albeit unprocedural and premature, issuance of some coin denominations by Barclays Bank of Botswana Limited. Given that the new family of coin is not yet legal tender, and cannot, therefore, be used in exchange for goods and services, the Bank of Botswana requests that any new coin in the hands of members of the public or business entity should be surrendered to the Bank of Botswana in Gaborone or Francistown, with immediate effect. The Bank will pay full face value in exchange.
